

Kaivac System Guide for Restrooms

Use the chart below to figure out which Kaivac system would be best for your facility.
Start at the top, choosing what kind of walls and floors you have.

		Restroom Wall and Floor Construction									
		VCT and Drywall		Ceramic and Drywall		Ceramic/Concrete Floors and Walls					
		Light Duty		Medium Duty		Heavy Duty		Heavy Duty +			
Restroom Size & Usage	Fixtures	1-10	10+	1-10	10+	5-8		5-8	8-15	15+	
	Size	Small	Medium	Small	Medium	Medium		Large			
	Traffic	Light	Medium	Light	Medium	Light	Medium	Medium	Heavy	Heavy +	
Desired Performance	Cleanliness	Minimal	Good	Good	Good	Good	Better	Best	Best	Best	
	Portability	3	3	3	3	3	3	2	2	1	
	Speed	Average	Average	Average	Average	Average	Faster	Fastest	Fastest	Fastest	
	Training Time	Minimal	Little	Little	Little	Little	Some	Some	Some	Some	
	Cost	\$	\$\$	\$\$	\$\$	\$\$	\$\$\$	\$\$\$\$	\$\$\$\$	\$\$\$\$	

Suggested System	Microfiber Trolley	OmniFlex™ and Trolley Combo	OmniFlex™ and Trolley Combo	OmniFlex™ Dispense-and-Vac	OmniFlex™ Dispense-and-Vac	OmniFlex™ Spray-and-Vac	Kaivac® 1250	Kaivac® 1750	Kaivac® 2150
