H₂Orange₂ 117™

Multi-Purpose Cleaner-Sanitizer-Virucide-HBV

EPA
Registered

One Product: Two Dilutions = Performance Plus

Cleaner

General cleaning and wipe-down of all surfaces. Great on seats, stainless surfaces, windows, floors and bars.

Degreaser

Cuts grease with neutral pH. Use on any water-safe surface. Perfect for removing body oils from windows.

Deodorizer

Kills bacteria and the source of odor. Great for clean-up of spills, urine, or vomit.

Sanitizer

Kills 99.99% of common bacteria, including Staph, Salmonella, Strep, and E-coli.

Virucide

Kills 99.9% of specified viruses, including Herpes 2, Influenza A2/Japan, and HIV-1.

HBV

Kills 99.9% of Hepatitis B.

Industry's Original
Hydrogen Peroxide
Cleaner

One-Touch Dispensing
ASSE Certified

Light Duty Dilution

1 oz/gallon OR 128:1

For windows, doors, mirrors, stainless surfaces and general wipe-down.

Heavy Duty Dilution

10 oz/gallon OR 12:1

For sanitizing seats during flu season and eliminating odors from urine, spills, or vomit.

NOTE: Anti-microbial products such as H₂Orange₂ 117 are pesticides under federal law, and require registration with the U.S. EPA prior to distribution or sale. **Recent clarification of EPA regulations expressly prohibits by federal law the use of Green Seal or similar endorsements or statements on EPA registered products.**

*EPA Registration Number 69268-2
US Patent Number 6,316,99

Exterior

The Greasinator® Industrial Degreaser®

Attacks Grease, Not You!

Solvent-Free

Water-soluble degreaser. No hazardous ingredients. Eliminates use of butyls trichloroethane, Stoddard solvent, and other harsh ingredients.

Green Seal Compliant

Made with renewable resource ingredients.

No VOCs

Odor-free. Non-irritating to lungs.

Neutral pH

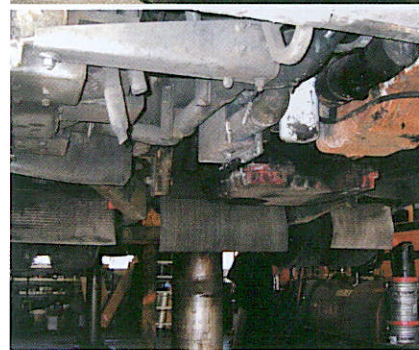

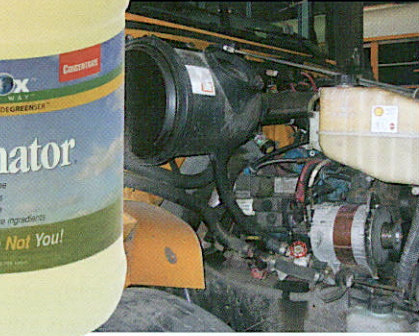

Use on any water-safe surface. Won't harm paint or drywall. Leaves little residue.

Disposal Advantages

Solvent-free formula may reduce waste disposal costs.

Quick Scrubbing Action with **Scrub Buddy™**

Scrub Buddy combines a powerful, yet convenient, motorized scrub action with a one-touch dispensing system for EnvirOx products. Perfect for interior floors, steps, bumpers, and exterior surfaces.

Scrub Buddy is:

- Scrub head immersible in water
- Portable — battery-powered
- Lightweight — only 4.5 pounds
- Maneuverable — 70° pivoting, lockable scrub head
- Agile — 7" scrub head reaches into tight spots

EnvirOx is a company committed to sustainability

EnvirOx was founded as a research company to develop a better and healthier way for professionals to clean. The company's vision was to develop a group of products that were healthier for users and the environment, without sacrificing the effectiveness of professional-strength cleaners. The company changed the cleaning industry in 1998 with the introduction of H₂Orange₂ 117, the first stabilized hydrogen peroxide multi-purpose cleaner. Today, it offers a full line of hydrogen peroxide-based and environmentally preferred cleaning products.

Both H₂Orange₂ Multi-Purpose Cleaner and The Greasinator are manufactured by EnvirOx, LLC, a company that practices sustainability throughout all aspects of its manufacturing and distribution process. It concentrates in the creation of products that are environmentally preferred.

"Leading the way in environmentally preferred professional and consumer products"
