Puradigm Air 3000

Proven Active Air & Surface Purification

The Puradigm Air 3000 utilizes four synergistic technologies to duplicate Nature's purification processes. Featuring Puradigm's patent-pending Puradigm Air technology, the Puradigm Air 3000 has been university tested and proven effective against both airborne and surface contaminants in indoor environments up to 3,000 square feet.

Patent-Pending Puradigm Air Technology
University Tested and Validated
Designed and Assembled in the USA

Features & Specifications

Warranty

1 Year Limited Warranty

Specifications

Unit Size:

12" high x 9" wide x 12" deep

Weight: 16 lb

Coverage: 250ft² to 3000 sq ft
(23m² to 279m²) *

Electrical

Input: 100-240VAC 50/60Hz 2.5A

Operational anywhere in the world

Output: 38VDC 3A

Puradigm Air Cell

Normal Mode Output:

Ozone free

Purification Plate

High Mode Output:

25-360mg ozone per hour

Ionization Needle

24 to 30 KV, 20-30 Khz

Ion Generation Pulsator

6 KV DC Needle Ion

Generator

Electrical Certifications

UL (US & Canada), CE,

PSE, TUV, EK (Korean),

RoHS Compliant

- Full Function Remote Control
- Eliminates Smoke and Odors — Doesn't Cover Them Up
- Significantly Reduces Mold, Bacteria, and Viruses
- Low Energy Consumption
- Adjustable Purifier Control - 250 to 3000 sq ft
- Five Fan Speeds Controlled By a Variable Frequency Drive for Quiet Operation
- Patent-Pending Puradigm Air Technology
- Needlepoint and RF Ion Generation
- Washable Rear Filter
- Intelligent Maintenance Reminders
- Away Mode Timer for High Purification Levels in Unoccupied Spaces
- Universal AC/DC Power Supply
- Replaceable Purification Plate

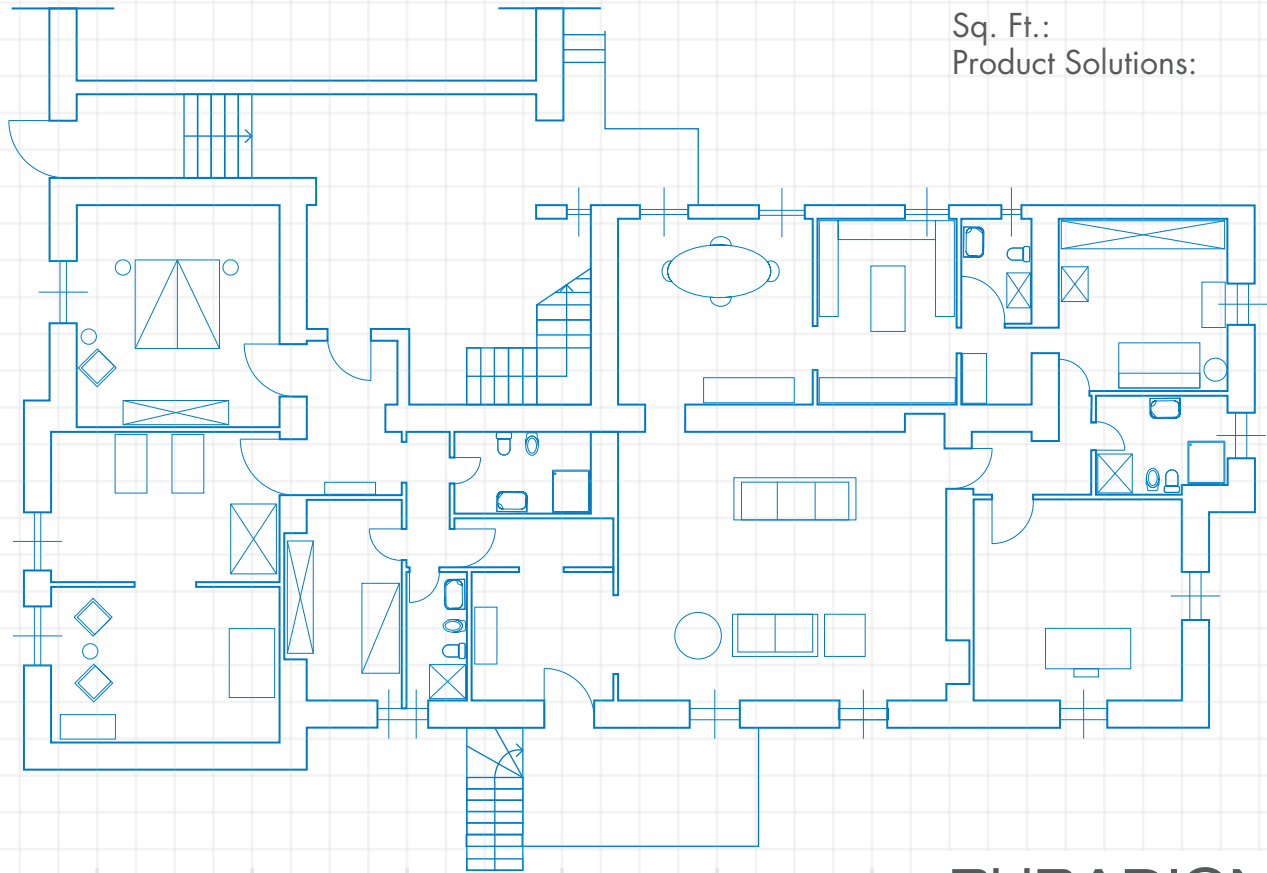

Our products are not medical devices and are not intended to diagnose, treat, or cure any disease.

*Depending on variables such as the severity and frequency of pollution, flow of air in the environment, humidity and temperature.

Puradigm, LLC declines all responsibility for all damages arising from improper use of the unit or in case of tampering with the unit.

PURADIGM™

Puradigm Air 3000 Model Featuring Puradigm Air Technology

<p>Puradigm Air Technology</p>		<p>Our patent-pending Puradigm Air technology not only destroys biological contaminants traveling through the cell, it also produces a purifying plasma which reduces odors, mold, bacteria, and viruses through-out the indoor environment – both in the air and on surfaces.</p>
<p>Two types of ionization (Pulse and Needlepoint)</p>		<p>Generates a continuous stream of millions of negative ions that circulate throughout your environment. These ions charge particles of dust, dander, bacteria, and viruses – causing them to clump together and fall out of the air you breathe.</p>
<p>Scalable Activated Oxygen</p>		<p>Puradigm Air comes equipped with adjustable purification levels. Ozone generation is scaled to the size of the area and the level of contaminants.</p>
<p>Electrostatic Filtration</p>		<p>An advanced electrostatic filter comes with the unit to help keep the purifier clean while at the same time filtering out particles which clump together from the needlepoint ionization.</p>
